EXPERIENCE

Even Financial — Software Engineer

New York, NY | Nov. 2021 - Dec. 2022 (Layoff due to downsizing)

Loans Vertical

Tools: Redux, React, Jest, React Testing Library, Cucumber, Unleash, Docker

- Ran feature experiments to improve user engagement and application completion.
- Refactored and designed components with the flexibility to manage feature cohorts.
- Increased smoke test coverage by 20%

Core Network Frontend

Tools: Typescript, Nx , RJSF, Storybook, React, Jest, React Testing Library

- Mentored coworkers on test driven development and how to approach testing.
- Contributed to reusable Form Components driven by React Json Schema Form.
- Conducted agile ceremonies to ensure that well documented tickets were available.

NomadHealth — Technical Lead

New York, NY | Jul. 2019 - Oct. 2021

Travel Nurse Application

Tools: Next.js, React, MongoDB, Split.io, Python, Celery, Flask, Jinja, Jest, Material UI

- Revamped the frontend nurse experience that increased profile ready nurses by 15% and application to submission conversion by 16%.
- Migrated a server side Jinja rendered application to a Next.js client side driven application.

Dom & Tom Inc — Technical Lead

New York, NY | Aug. 2018 - Jul. 2019

Tools: React, GraphQL, Selenium, React Native, Ruby on Rails, Contentful, Bootstrap

- Created a React Admin scaffold to connect a RESTful API with a GraphQL Server.
- Wrote automation tests for a React Native app using Appium.

Momentive (SurveyMonkey) — Software Engineer

San Mateo, CA | Jan. 2015 - Mar. 2018

Tools:Backbone.JS, JQuery, Python, Pyramid, Flask, SQL, Docker, AWS, CSS

- Maintained a highly traffic application receiving around 82,000 requests per minute.
- Ensured AWS assets were restorable and hard deleted during a survey life cycle.
- Supported multiple languages on a survey to unlock incremental corporate sales.

Skillset

Javascript, Typescript, React, Python, HTML, RJSF, Flask, Nx, React Testing Library, Jest, Storybook, SQL, REST API, Split.io, Docker, Git, Contenful

Education

Queens College, CUNY

BS in Computer Science
BA in Applied Mathematics

Community

Raised $7,900 for Code 2040, opening opportunities for Latino and Black youth.

Active member of Techqueria, a non profit community of Latinx professionals in tech.

Member and founder of the diversity and inclusion council @ Nomad Health.

Activities

Active Zwift Rider

Green Belt Member of CiS Training Systems
